Please note that the cross reference guide is a tool to provide the closest ISSI cross to our competition, and this does not imply 100% compatibility in all cases. Some differences among suppliers may exist. It is the responsibility of the customer to review ISSI datasheets and qualify-in the application. The customer is welcome to call or write ISSI to get assistance in doing a specification comparison between parts.

Please note that the cross reference guide is a tool to provide the closest ISSI cross to our competition, and this does not imply 100% compatibility in all cases. Some differences among suppliers may exist. It is the responsibility of the customer to review ISSI datasheets and qualify-in the application. The customer is welcome to call or write ISSI to get assistance in doing a specification comparison between parts.

Please note that the cross reference guide is a tool to provide the closest ISSI cross to our competition, and this does not imply 100% compatibility in all cases. Some differences among suppliers may exist. It is the responsibility of the customer to review ISSI datasheets and qualify-in the application. The customer is welcome to call or write ISSI to get assistance in doing a specification comparison between parts.
